#2361

After a tour of the East building this morning; I was totally frustrated with the lack of cleaning that has been done in the last week. The building honestly looked the worst I have ever seen it in the 2.5 years that I have been here. There was not one detainee working or being asked to work in the entire building (housing units, hallways, kitchen, laundry, intake, etc. NOT ONE.) This is totally unacceptable!! Once lunch is complete, I expect all TV, XBOX and Recreation to be suspended until the building is clean and presentable. We can't shut down court, medical, visits, attorney visits, etc.

We have a tour tomorrow and Friday. But, a high level of sanitation should be expected and maintained daily. The buildings should always be tour ready.

Make sure plenty of cleaning supplies are available to those who will be tasked with this project.
